

SLEEP WELL AND BREATHE EASY WITH BREAZZZY

1/5

Americans
suffer from
OSA

5x

More likely to die
from heart
disease

Obstructive Sleep Apnea

- Prevents patients from getting healthy sleep leaving them drowsy

Continuous Positive Airway Pressure

- The use of positive pressure sets CPAP apart as the most effective solution for preventing obstructions
- CPAP is the gold standard and is the first choice for treatment

56% of people with OSA do not use the CPAP!
Here's Why:

Skin
Irritation

Headache

Air Leakage

Claustrophobia

Nasal
Congestion

Breazzzy replaces obtrusive masks with a personalized intraoral appliance that delivers positive airway pressure comfortably
